

## **SEMESTER – I**

### **CPS 2 a Part I - PEDAGOGY OF HOME SCIENCE**

**Credits: 4**

**Internal: 40 marks**

**Hours/Week: Theory-4hrs Practical- 4hrs**

**External: 60 marks**

**Total: 100 marks**

#### **Objectives**

**At the end of this course the student teachers will be able to:**

- explain the nature and scope of Home Science;
- integrate aims and objectives of teaching of Home Science;
- get acquainted with the teaching skills
- explore teaching and learning Home Science
- recognize the new trends in curriculum transaction;
- organize the teaching aids to support learning;

#### **Unit I: Nature and Scope of Home Science**

Nature, Need and Scope of Home Science Education in the world setting, family setting and educational setting-Home Science as a subject in the academic structure-Relationship with other subjects. Career options in Home Science Entrepreneurship in Home Science.

#### **Unit II : Aims and Objectives of Home Science Education**

Goals and Objectives of teaching Home Science with reference to Revised Bloom's Taxonomy of Educational Objectives - General and Specific Objectives of teaching Biological Science – Writing Objectives in behavioral terms- Aims of teaching Biological Science at different levels: Primary, Secondary and Higher Secondary.

### **Unit III: Development of Skills through Mini Teaching**

Mini teaching: Meaning, Characteristics, Phases of Mini teaching, Mini teaching cycle, Teaching Skills : Skill of set induction, Skill of explaining, Skill of blackboard writing, Skill of illustrating with examples, Skill of probing questions, Skill of fluency in questioning, Skill of Stimulus Variation, Skill of reinforcement, Skill of achieving closure, Advantages and Limitations of Mini teaching.

### **Unit IV: Exploring Learner in Teaching and Learning Home Science**

Introduction – Class as a heterogeneous group-the need to cater to the individual differences. Gifted learners – Need and identification of gifted children, characteristics of gifted children, enrichment programme for gifted children, National Talent Search Examination, steps to enhance the abilities of the gifted children in science. Slow learners- Need and problem faced by the slow learners, special care to cater to the slow learners, Diagnostic tests, Remedial teaching to help the slow learners.

### **Unit V: Methods of Teaching Home Science**

Teacher and Student-centered Methods- Lecture Method- Lecture Demonstration Method- Heuristic Method- Project Method- Biographical Method- Inductive-deductive Method- Historical Method-Assignment Method- Significance of employing different Methods in teaching of Home Science.

### **Unit VI: Teaching Aids**

Introduction: Meaning & Advantages – Edgar Dale's Cone of Learning Experience – Projective and Non Projective aids – current trends in educational technology – Different types of Boards, SMART Interactive Whiteboard, film, filmstrips ,OHP, Motion pictures, Documentaries, graphs, internet usage.
