

2.7.1. PLOs and CLOs Mapping with the teaching learning process

NKT National College of Education for Women

(Autonomous)

PLO & CLO Mapping with Learning Experiences for the B.Ed Programme

At the end of the B.Ed. Programme, the Student-teachers will be able to:

S.No.	Programme Learning Outcome	Course	Course Learning Outcomes	Evaluation	Attainment %
1.	Identify the human behaviour at various developmental stages by employing the theories of development and adopt strategies to improve learning	PE1: Childhood and Growing up as a Learner	1. Compare and contrast the developmental stages of human beings from pre-natal to old age	Suggest ways for designing a good questionnaire	85.33
			2. Interpret the various theories propounded by Psychologists		
			3. Apply appropriate methods to assess the development of learners		
			4. Assess child behavior through psychological testing		
			5. Investigate an individual or institution by employing the Case Study technique		
		PE 4: Psychological Perspectives of	1. Gain insight into the cognitive process	Examine the Maslow's Hierarchy of needs	98.32
			2. Explain the concept of intelligence		

S.No.	Programme Learning Outcome	Course	Course Learning Outcomes	Evaluation	Attainment %
		Learners	and creativity		
			3. Interpret various theories to improve learning		
			4. Analyze the relationship between learning and motivation		
			5. Assess the affective aspects through psychological testing		
2	Engage with studies on Indian society and Education and challenge gender roles in society through social institutions	PE 2: Contemporary India and Education	1. Address the problems prevalent in the Contemporary Indian Society	Bring out the importance of Open Universities in imparting Education	90.24
			2. Point out the educational provisions enshrined in the Indian Constitution		
			3. Recognize the special recommendations of the Indian Education Commission in pre and post Independent India		
			4. Implement the various programmes of Quality Improvement for Education		
			5. Compare the schools of Education		
			6. Extrapolate the contributions of		

S.No.	Programme Learning Outcome	Course	Course Learning Outcomes	Evaluation	Attainment %
			Indian Philosophers to the field of Education		
		PE 6: Gender, School and Society	1. Illustrate the concept of gender, transgender , gender role development and challenges to gender equity; stereotypes and gender bias	Differentiate Gender and Sex	97.42
			2. Summarie the influence of social institutions (family, caste, class, religion, region) on gender identity		
			3. Identify the role of schools, peers, teachers, curriculum and textbooks, gendered roles, relationships and ideas in textbooks and curricula in challenging gender inequalities/ reinforcing gender parity		
3.	Incorporate the principles and maxims of teaching in effectively constructing the tasks of teaching	PE 3a: Learning and Teaching-Part-I	1. Interpret the concept of learning and teaching	Discuss the various levels of teaching tasks	86.98
			2. Apply knowledge acquired on the task of teaching in real classroom situations		
			3. Analyze the importance of modifications of teacher behavior		
		PE 3b: Learning and	1. Expound the learning and teaching process in an	Discuss learning as a	80.77

				EC Describe how will you act while applying co-operative learning in your class room	100
				CS Discuss the instructional system	100
		CPS3: Evaluation of Learners	1.Explain the concept and identify the various approaches to Evaluation	Find out the Mean and Mode of the following marks obtained by the	94.91
			2. Infer the qualities of a good testing		

S.No.	Programme Learning Outcome	Course	Course Learning Outcomes	Evaluation	Attainment %
			tool	students	
			3. Construct and administer achievement tests		
			4. Interpret the test scores through quantitative analysis		
			5. Justify the need for Continuous and Comprehensive Evaluation and Portfolio Assessment		
			6. Assess children with special needs		
			7. Prepare the Test and Measurement Record based on the scores of achievement test of students in internship schools		
		CPS 4 : Language across the Curriculum	1. Compare the language diversity that exists in the class-rooms	Activities	93.50
			2. Familiarize with the language acquisition		
			3. Interpret functions of language in the class rooms		
			4. Predict the importance of learning through the school language		

S.No.	Programme Learning Outcome	Course	Course Learning Outcomes	Evaluation	Attainment %
			5. Utilize the language skills acquired in the compilation of relevant activities specified		
6.	Transfer the knowledge of areas such as Health and Physical fitness, Library and Information Science, Women Entrepreneurship, Guidance and Counselling, Environmental Education, Women Education, Peace and Value Education and Pedagogy of Higher Secondary Education to practical life situations	CPS 5a: Health and Physical Fitness	1.Analyze the different aspects of health and fitness	Explain the role of exercise and diet on weight management	94.44
			2.Express the importance of hygienic living		
			3.Identify the correct posture for a healthy living		
			4.Create awareness on the rules of safety and importance of first aid		
			5.Evaluate one's present status of physical fitness and provide the basis for setting- up an exercise program		
			6.Predict the importance of weight management through exercise and diet and discover ways to cope with daily stress		
		CPS 5b: Library and Information Science	1.Classify the types of library	Illustrate the role of teacher in the use of library	85.71
			2.Compare and contrast the various information sources		
			3.Explore the various services offered		

S.No.	Programme Learning Outcome	Course	Course Learning Outcomes	Evaluation	Attainment %
			in a library		
			4.Plan the schedule of activities for a library		
			5.Summarise the different contemporary technologies in a library		
			6.Sensitize with information literacy and user education		
		CPS 5c: Women Entrepreneurship	1.Analyze the meaning and facts of entrepreneurship	-	-
			2.Exhibit the behavioural qualities of an entrepreneur		
			3.Examine the key components of management tasks of women entrepreneurs		
			4.Discriminate the role of management functions in entrepreneurial development		
			5. Discover the contribution of organizations in developing entrepreneurship among Indian Women		
			6. Indicate the role of teachers in		

S.No.	Programme Learning Outcome	Course	Course Learning Outcomes	Evaluation	Attainment %
			promoting women entrepreneurs		
		CPS 5d: Guidance and Counseling	1.Apply the principles of guidance in practical situations and explore the types of guidance	How will you organize guidance service in schools?	100
			2.Discriminate the various types of counselling		
			3. Discover the history of guidance movement and analyze the various therapies in counselling		
			4. Explain the important role of a counsellor		
			5.Demonstrate the techniques of group guidance and group counselling		
			6. Express the need of guidance and counselling in schools		
		CPS 5e: Environmental Education	1.Construct the objectives, scope and nature of Environmental Education	Explain the reasons for destructions of wild life	97.92
			2.Perceive the causes and remedies for environmental hazards and pollution		
			3.Analyze the causes and control measures for environmental		

S.No.	Programme Learning Outcome	Course	Course Learning Outcomes	Evaluation	Attainment %
			degradation		
			4.Prioritize the need for inclusion of Environmental Education in the school curriculum		
			5.Apply the knowledge of environmental policies and issues in India		
			6.Predict the various types of disasters and identify the control measures		
		CPS 5f: Women Education	1.Discover the history of Women's Movement	-	-
			2. Identify the role of Indian Women at the work place		
			3.Apply the legal rights of Indian Women in practical situations		
			4. Predict the reasons for the decline of female population in India		
			5. Survey the problems faced by Indian Women		
			6. Analyze the role of Indian Women		

S.No.	Programme Learning Outcome	Course	Course Learning Outcomes	Evaluation	Attainment %
			in Politics		
		CPS 5g: Peace and Value Education	1. Apply the concept of Peace Education in the transformation of violence into peace	-	-
			2. Reflect on the nature of conflicts and their resolution		
			3. Imbibe the knowledge, attitudes and skills needed to achieve and sustain a global culture of peace		
			4. Comprehend the important sources of values		
			5. Summarize the concept of Value Education and point out the role of social institutions in developing values among children		
			6. Utilize appropriate methods of teaching values		
		CPS 5h: Pedagogy of Higher Secondary Education (Only for PG students)	1. Analyze the structure and standards of Higher Secondary Education in the country	-	-
			2. Familiarize with the administrative aspect of Higher Secondary		

S.No.	Programme Learning Outcome	Course	Course Learning Outcomes	Evaluation	Attainment %
			Education		
			3. Reflect on the teaching strategies and research in Higher Secondary Education		
			4. Explore the examination reforms in the country		
			5. Expound the quality standards set in Higher Secondary Education		
			6. Determine the role of planning in Educational Management		
7.	Enhance professional capacities in areas such as Critical Understanding of ICT, Physical Education and Yoga, Reading and Reflecting on Texts, Life skills for Understanding the Self and Drama and Art in Education and to engage with the self, the child, the community and the school	EPC 1: Critical Understanding of ICT	1. Interpret the concept of Information and Communication Technology	Demonstration and Record work	78.79
			2. Predict new horizons in ICT		
			3. Discover enriched learning experiences using ICT		
		EPC 2: Physical Education and Yoga	1. Integrate the fundamental skills of games and sports	Demonstration and Record work	72.31
			2. Explore the different physical activities		
			3. Develop the correct body postures		

S.No.	Programme Learning Outcome	Course	Course Learning Outcomes	Evaluation	Attainment %
			for better health		
			4. Indicate leadership, followership and sportsmanship qualities		
			5. Demonstrate different asanas for enhancing physical health		
			6. Prepare the Physical Education and Yoga record		
		EPC 3: Reading and Reflecting on Texts	1.Read and respond to a variety of texts in different ways	Critically appraise the contents in the course related books	99.49
			2.Enhance their capacities as readers and writers by becoming participants in the process of reading		
			3. Operate interactively- individually and in small groups		
			4. Design questions to think about, while reading a passage		
			5. Critically appraise the content in books, documents and research papers		
		EPC 4: Life Skills for Understanding the Self	1.Assess oneself through self - analysis	Practical activities	100

S.No.	Programme Learning Outcome	Course	Course Learning Outcomes	Evaluation	Attainment %
			2. Construct positive thoughts for better mental health		
			3. Identify and manage emotions		
			4. Plan and manage time effectively		
			5. Create dreams and aspirations and work towards one's goal		
		EPC 5: Drama and Art in Education	1. Associate Art with Education for better communication	Record work and demonstration	93.33
			2. Develop creative thinking through different Art forms		
			3. Realize that liberal arts help in making better professionals		
			4. Integrate the role of Art medium in Education		
			5. Interpret the student's ability for perception and reflection		
			6. Prepare a record on Drama and Art activities in the school		
		EPC 6: Health and Physical Education	1. Create the exposure to hygienic living	Record work and demonstration	94.36

S.No.	Programme Learning Outcome	Course	Course Learning Outcomes	Evaluation	Attainment %
			2. Assess the importance of first aid		
			3. Sensitize the significance of taking nutritious food		
			4. Discover the importance of correct postures and various postural defects		
			5. Develop the regime of physical fitness for healthy living		
			6. Integrate team spirit and co-operation for better group dynamics		
			7. Prepare Health and Physical Education record		
8.	Acquire a repertoire of professional skills in the respective pedagogies through School Internship activities	Practicum components	Gain expertise in school internship activities	Teaching competency Level -I Level -II	71.28 67.69
9.	Demonstrate and exhibit human values	Practicum components	Cultivate values through learning exposures and experiences	Activities	71.28

S.No.	Programme Learning Outcome	Course	Course Learning Outcomes	Evaluation	Attainment %
10.	Sensitize to the needs of the community and mature holistically in all dimensions-physical, emotional, intellectual, ethical and spiritual	All courses included in the B.Ed Program	1.Keep physically fit through Physical Education, Citizenship Training Camp, Yoga and Drama and Art	Physical Education	94.36
			2.Address the emotional side through training in Life Skills	Citizenship Training Camp	71.28
			3. Enhance the intellectual dimension through all the courses in the B.Ed. Programme	Yoga	72.31
			4.Cultivate ethical and spiritual dimensions through all activities in the B.Ed. Programme	Drama and Art	93.33
				Life Skills	100
