PLO & CLO Mapping with Internal Assessment Tasks of the B.Ed Programme

S.No.	Programme Learning Outcomes	Course	Course Learning Outcomes	Internal Evaluation	Attainment %
1.	Identify the human behavior at various developmental stages by employing the theories of development and adopt strategies to improve learning	PE 1: Childhood and Growing up as a Learner	1. Compare and contrast the developmental stages of human beings from pre-natal to old age	Seminar Internal Examinations	100
			2. Interpret the various theories propounded by Psychologists		
			3. Apply appropriate methods to assess the development of learners		
			4. Assess child behaviour through psychological testing		
			5. Analyze an individual or institution by employing the Case Study technique		

S.No.	Programme Learning Outcomes	Course	Course Learning Outcomes	Internal Evaluation	Attainment %
		PE 4: Psychological Perspectives of Learners	1. Gain insight into the cognitive process 2. Explain the concept of intelligence and creativity 3. Interpret various theories to improve learning 4. Analyze the relationship between learning and motivation 5. Assess the affective aspects through psychological testing	Seminar Internal Examinations	100
2.	Engage with studies on Indian society and Education and challenge gender roles in society through social institutions	PE 2: Contemporary India and Education	1. Address the problems prevalent in the Contemporary Indian Society 2. Point out the educational provisions enshrined in the Indian Constitution 3. Recognise the special recommendations of the Indian Education Commission in pre and post Independent India 4. Implement the various programmes of Quality Improvement for Education	Seminar Assignment Internal Examinations	100

S.No.	Programme Learning Outcomes	Course	Course Learning Outcomes	Internal Evaluation	Attainment %
			5. Compare the schools of Education		
			6. Discover the contributions of Indian Philosophers to the field of Education		
		PE 6: Gender, School and Society	1. Illustrate the concept of gender, transgender, gender role development and challenges to gender equity; stereotypes and gender bias	Seminar Internal Examinations	100
			2. Summarise the influence of social institutions (family, caste, class, religion, region) on gender identity		
			3. Point out the role of schools, peers, teachers, curriculum and textbooks, gendered roles, relationships and ideas in textbooks and curricula in challenging gender inequalities/ reinforcing gender parity		
3.	Incorporate the principles and maxims of teaching in effectively constructing the tasks	PE 3a: Learning and Teaching-Part-I	1. Interpret the concept of learning and teaching		
			2. Apply knowledge acquired on the task of teaching in real classroom situations		

S.No.	Programme Learning Outcomes	Course	Course Learning Outcomes	Internal Evaluation	Attainment %
	of teaching		3. Analyze the importance of modifications of teacher behavior	Seminar Internal Examinations	100
		PE 3b: Learning and Teaching-Part- II	1. Expound the learning and teaching process in an effective manner	Seminar Internal Examinations	100
			2. Implement the knowledge acquired on the principles and maxims of teaching in the classroom		
			3. Analyze the difficulties of the learner and design teaching accordingly		
4.	Analyse the various curriculum practices and implement innovations in the teaching-learning process while promoting inclusive practices	PE 5: Knowledge and Curriculum	1. Recognise the epistemological basis of knowledge	Seminar Assignment Internal Examinations	100
			2. Point out the perspectives of a curriculum		
			3. Implement the curriculum in the teaching-learning process		
			4. Analyze the various curriculum practices		
			5. Predict the innovations in curriculum development		

S.No.	Programme Learning Outcomes	Course	Course Learning Outcomes	Internal Evaluation	Attainment %
			6. Formulate the basis of evaluating the curriculum		
		PE 7: Creating an Inclusive School	1. Appreciate the need for promoting inclusive practices and point out the aim of Education at the Pre-primary, Primary and Secondary level	Seminar Internal Examinations	100
			2. Identify children with developmental disabilities and provide instruction accordingly		
			3. Analyse the outcomes of policies and programmes to enhance the inclusive set-up		
5	Reconstruct and deliver instruction from disciplinary content knowledge through appropriate pedagogic processes that communicate meaningfully and to assess learners using Continuous Comprehensive	CPS 1: Understanding the Disciplines and School Subjects	1. Detect the origin and evolution of school subjects	Seminar Internal Examinations	100
			2. Interpret the nature of school subjects		
			3. Analyze the criteria required for the selection of content		

S.No.	Programme Learning Outcomes	Course	Course Learning Outcomes	Internal Evaluation	Attainment %
	Evaluation	CPS 2 (a, b, c &d): Pedagogy of a School Subject – Part I, II, III & IV	CPS 2a: 1. Explain the nature and scope of the subject	Seminar Assignment Internal Examinations	100
			2. Formulate the aims and objectives of teaching the subject		
			3. Apply the teaching skills appropriately in the classroom		
			4. Classify the diversified needs of learners		
			5. Explore the various methods and strategies of teaching the subject content		
			6. Utilize the teaching-learning resources appropriately		
		CPS 2b	1. Organize co-scholastic activities for an enriched learning experience	Seminar Assignment	100
			2. Implement the process of evaluation in the classroom		
			3. Design year plan, unit plans and lesson plans systematically to streamline the teaching activities		
			4. Develop teacher commitment to enhance professionalization		

S.No.	Programme Learning Outcomes	Course	Course Learning Outcomes	Internal Evaluation	Attainment %
			5. Predict classroom climate and manage the class activities effectively	Internal Examinations	
			6. Plan the optimal school design for better management		
		CPS 2c	1. Utilize the various learning resources appropriately	Assignment Internal Examinations	100
			2. Conduct Action Research and apply the results to improve the classroom procedures		
			3. Gain clarity on the various tasks to be executed during the school internship		
		CPS 2d	1. Discriminate Learner Controlled Instruction, Collaborative and Co-operative Learning and use them suitably for better curriculum transaction	Seminar Internal Examinations	100
			2. Appreciate curriculum development in the respective discipline		
			3. Relate the linkage of the subject to community life		
		CPS3: Evaluation of Learners	1. Explain the concept and identify the various approaches to Evaluation		

S.No.	Programme Learning Outcomes	Course	Course Learning Outcomes	Internal Evaluation	Attainment %
			2. Infer the qualities of a good testing tool 3. Construct and administer achievement tests 4. Interpret the test scores through quantitative analysis 5. Justify the need for Continuous and Comprehensive Evaluation and Portfolio Assessment 6. Assess children with special needs 7. Prepare the Test and Measurement Record based on the scores of achievement test of students in internship schools	Seminar Assignment Internal Examinations	100
		CPS 4: Language across the Curriculum	1. Compare the language diversity that exists in the class-rooms 2. Familiarize with the language acquisition	1.Designing games and exercises for developing LSRW skills 2.Writing critical reports on valuation of test papers 3.Identification of communication problems of students	100

S.No.	Programme Learning Outcomes	Course	Course Learning Outcomes	Internal Evaluation	Attainment %
			3. Interpret functions of language in the class rooms	4.Writing assignments 5.Developing strategies for enriching reading among the students	
			4. Predict the importance of learning through the school language		
			5. Utilize the language skills acquired in the compilation of relevant activities specified		
6.	Transfer the knowledge of areas such as Health and Physical fitness, Library and Information Science, Women Entrepreneurship, Guidance and Counselling, Environmental Education, Women Education, Peace and	CPS 5a: Health and Physical Fitness	1.Analyze the different aspects of health and fitness	Seminar Assignment Internal Examinations	100
			2.Express the importance of hygienic living		

S.No.	Programme Learning Outcomes	Course	Course Learning Outcomes	Internal Evaluation	Attainment %
	Value Education and Pedagogy of Higher Secondary Education to practical life situations		3. Identify the correct posture for a healthy living		
			4. Create awareness on the rules of safety and importance of first aid		
			5. Evaluate one's present status of physical fitness and provide the basis for setting- up an exercise programme		
			6. Predict the importance of weight management through exercise and diet and discover ways to cope with daily stress		
		CPS 5b: Library and Information Science	1. Classify the types of library	Seminar Assignment Internal Examinations	100
			2. Compare and contrast the various information sources		
			3. Explore the various services offered in a library		
			4. Plan the schedule of activities for a library		

S.No.	Programme Learning Outcomes	Course	Course Learning Outcomes	Internal Evaluation	Attainment %
			5.Summarise the different contemporary technologies in a library		
			6.Sensitize with information literacy and user education		
		CPS 5d: Guidance and Counseling	1.Apply the principles of guidance in practical situations and explore the types of guidance	Seminar Assignment Internal Examinations	81.53
			2.Discriminate the various types of counselling		
			3. Discover the history of guidance movement and analyse the various therapies in counselling		
			4. Explain the important role of a counselor		
			5.Demonstrate the techniques of group guidance and group counselling		
			6. Express the need of guidance and counselling in schools		

S.No.	Programme Learning Outcomes	Course	Course Learning Outcomes	Internal Evaluation	Attainment %
		CPS 5e: Environmental Education	1.Construct the objectives, scope and nature of Environmental Education	Seminar Assignment Internal Examinations	100
			2.Perceive the causes and remedies for environmental hazards and pollution		
			3.Analyze the causes and control measures for environmental degradation		
			4.Prioritize the need for inclusion of Environmental Education in the school curriculum		
			5.Apply the knowledge of environmental policies and issues in India		

S.No.	Programme Learning Outcomes	Course	Course Learning Outcomes	Internal Evaluation	Attainment %
			6.Predict the various types of disasters and identify the control measures		
7.	Enhance professional capacities in areas such as Critical Understanding of ICT, Physical Education and Yoga, Reading and Reflecting on Texts, Life skills for	EPC 1: Critical Understanding of ICT	1.Interpret the concept of Information and Communication Technology	1.Preparation of Multimedia package on any topic to enrich the teaching – learning process 2.Developing report on critical issues in utilization of internet among Learners 3.Preparing various types of	
			2. Predict new horizons in ICT		

S.No.	Programme Learning Outcomes	Course	Course Learning Outcomes	Internal Evaluation	Attainment %
	Understanding the Self and Drama and Art in Education and to engage with the self, the child, the community and the school		3. Discover enriched learning experiences using ICT	graphs highlighting the performance of students 4.Using available software or CDs with LCD projection for subject learning interactions 5.Critically evaluating any one MIS(Maintaining Institutional records) used for administrative purpose in school system	100
		EPC 2: Physical Education and Yoga	1. Integrate the fundamental skills of games and sports	1.Performance in Calisthenics or Light Apparatus	100
			2. Explore the different physical activities	2.Performance in Marching	
			3. Develop the correct body postures for better health	3.Assessment of any one organized game	
			4. Indicate leadership, followership and sportsmanship qualities	4.Skill Performance in Athletics	
			5. Demonstrate different asanas for enhancing physical health	5.Performance in Yogasana	
			6. Prepare the Physical Education and Yoga record		
		EPC 3: Reading and Reflecting on Texts	1.Read and respond to a variety of texts in different ways	1.Review of major based State Board School Text book	

S.No.	Programme Learning Outcomes	Course	Course Learning Outcomes	Internal Evaluation	Attainment %
			2.Enhance their capacities as readers and writers by becoming participants in the process of reading	2.Review of an autobiography 3.Review of a reference book related to core courses 4.Review of any one Commission reports	100
			3. Operate interactively- individually and in small groups		
			4. Design questions to think about, while reading a passage		
			5. Critically appraise the content in books, documents and research papers		
		EPC 4: Life Skills for Understanding the Self	1.Assess oneself through self -analysis	1.Ice Breaker Exercise 2.Positive thinking exercises 3.Identifying emotions skills 4.Time Management skills 5. Reflection on Dreams	100
			2. Construct positive thoughts for better mental health		
			3. Identify and manage emotions		
			4. Plan time effectively		
			5. Create dreams and aspirations and work towards one's goal		
		EPC 5: Drama and Art in Education	1.Associate Art with Education for better communication	1.Performance of group dances 2.Visiting a museum or art gallery and developing a reflective journal 3.Craft work on origami	100
			2. Develop creative thinking through different Art forms		

S.No.	Programme Learning Outcomes	Course	Course Learning Outcomes	Internal Evaluation	Attainment %
			3. Realize that liberal arts help in making better professionals	4.Painting performance 5.Performance in stage drama	
			4. Integrate the role of Art medium in Education		
			5. Interpret the student's ability for perception and reflection		
			6. Prepare a record on Drama and Art activities in the school		
		EPC 6: Health and Physical Education	1.Create the exposure to hygienic living	1.Performance in Light Apparatus or Kolattam 2.Assessment in any one organized game 3.Skill Performance in Athletics 4.First Aid Record Internal Examinations	100
			2. Assess the importance of first aid		
			3. Sensitize the significance of taking nutritious food		
			4. Discover the importance of correct postures and various postural defects		
			5. Develop the regime of physical fitness for healthy living		

S.No.	Programme Learning Outcomes	Course	Course Learning Outcomes	Internal Evaluation	Attainment %
			6. Integrate team spirit and co-operation for better group dynamics		
			7. Prepare Health and Physical Education record
