foundation.

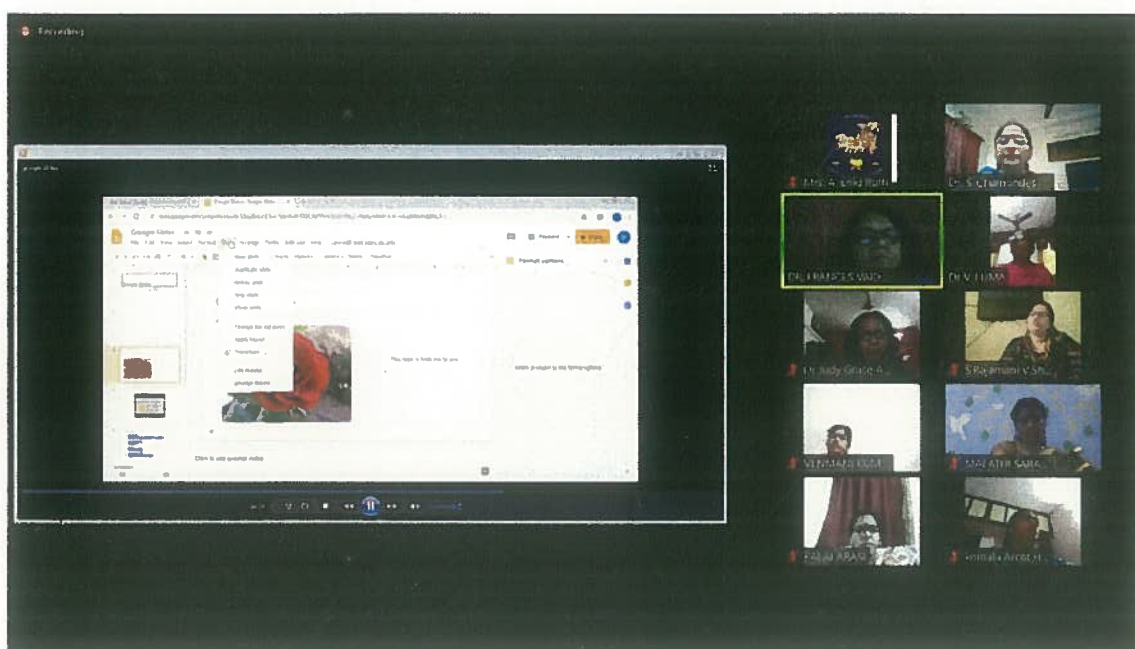

NKT National College of Education, Chennai is trying its best to keep pace with the recent applications of e-governance in terms of various functions being performed digitally through internet. The necessary infrastructure is provided partly by the UGC Autonomous Grant and partly by the College Management, Sriman N.K. Thirumalachariar National Education Society, Chennai. Teaching Faculty members, Non-Teaching Staff and Students use computers, laptops, smart phones and other e-devices to utilize the benefits of modern day technologies available in the field of Higher Education. Students have been provided SIM Cards by the State Government to facilitate the use of technology in teaching-learning and evaluation.

A well-equipped IT Admin Unit has been established in the College to monitor and regulate computerization of all academic, financial and administrative activities related with the College, Tamil Nadu Teachers Education University, Tamil Nadu State Council for Higher Education, Ministry of Education, University Grants Commission (UGC), National Council for Teacher Education (NCTE), Rehabilitation Council of India (RCI), Office of the Regional Joint Director (RJD), Directorate of Collegiate Education (DC) and other Educational Institutions and any other government agency. The e-Governance & Admin Unit Coordinator shall coordinate the data collection and uploading activities by preparing and observing the prescribed schedules.

ANNUAL e- GOVERNANCE REPORT

2019-2020

E-Governance is the use of information and communication technologies (ICT) in organizations to provide user services, to improve work efficiency and to promote democratic values. It is being used as a platform for efficient, transparent and timely delivery of services to all the stakeholders. In essence, the purpose of e-governance is to bring transparency and efficiency in the working of an organization. This urge for transparency and efficiency is derived by the demand of ever increasing aspirations of information age. Speedy and cheaper communication, convenience, transparency, accountability, improved customer services and increased access to information are some of the basic parameters on which the concept of e-governance relies and finds its
