

**N.K.T. National College of Education for Women  
(Autonomous)  
Report on Institutional Facilities for Self-Study Courses  
2017 - 2018**

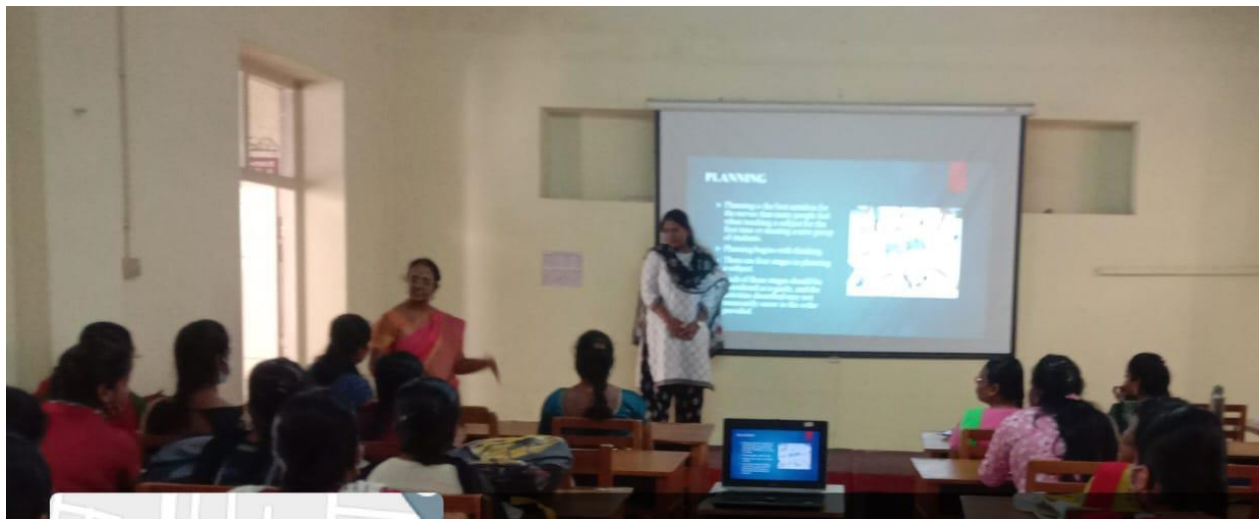

**Mrs. A.H. Komala, Assistant Professor, orienting about Self-study Courses**

Self-Study Course helps to enrich the learning experiences in which students learn how to enhance their communication skills, employability skills personally and professionally and exhibit their skills to potential employers to maximize their career success. The College supports and encourages the students to undergo and complete self-study

courses through online or offline apart from their curricular activities. Students are encouraged to utilize expertise, guidance and support of Faculty Members, book sources of College Central Library and the ICT facilities available in Library Online Resource Centre, Computer Laboratory, Technology Laboratory and Language Laboratory after the working hours of the College also.

### **Support from Faculty Members**

**Mrs. V.J. Uma, Assistant Professor, mentoring students to undergo self-study courses**

Faculty Members allotted as Mentors guide students to choose the right course and also help them to register, assist, monitor and complete the courses successfully. They motivate students to register free online courses (SWAYAM/ MOOC) through Online Platform to equip themselves adequately with the required knowledge and skills required for their profession with valuable certificates that help them during placement.

## Facilities at the College Central Library

NKT College Central Library is automated and bar-coded with AUTOLIB - Integrated Library Management Software from 2006 and upgraded with Web based version in 2017.
